Dear Mr. Ball:

I have been doing research on the Peter-Roderick-George Washington McLeod family line, Greene County, Mississippi. Your name has shown up several times as an authority on the Ball family line in conjunction with the lineages of the McLeod family line and the Robbins family lines, particularly. One account was prepared for the William Henderson McLeod, son of William Roderick McLeod and Mary Williams McLeod, showing ancestry back through Edward Ball and Rebecca Baker Jones Ball to William Ball and Margaret Sampson Ball of England. The other account was research done by Myrtle Robbins Layless and published by her daughter, Donna Layless Hayes (her mother passed away in 1979).

As a grand-daughter of George Washington McLeod and Nancy Ann Bolton McLeod of Greene County, Mississippi, and great-grand-daughter of Roderick McLeod and Martha Ann Ball Woodard McLeod, I am most interested in following through on the authenticity of any and all information.

I have noticed on the piece written for William Henderson McLeod that you have attested to the accuracy of the information by your signature and membership number in the Sons of The American Revolution.

Also, in Mrs. Hayes' accounts, she refers to you often as being certain of the line that William Bartholomew Ball was a son of Edward and Rebecca Ball and a patriot of the American Revolution.

Any verification of facts, information, assistance, recommendations, suggestions, "help" you could give me would be most greatly appreciated.

Sincerely,

(Mrs. Barbara M. Anglin)
