Stone Mountain, Georgia 30083

Dear Annette,

I recently checked with Mom to ask if you had returned Dad's material on the Ball family that he had loaned you. She said she had not heard from you since she had written you in January.

I do hope to pursue the genealogy study which he had worked on and would really appreciate the batch of material he sent you.

Please make copies of whatever you want, but send back his information as soon as possible. I know it will be quite a bundle; if you just send it via UPS, I'll be glad to pay the shipping charges,

I hope you and your family are well.

Most sincerely,

Courtney
